

A TRIBUTE TO OUR FRONTLINE HEROES

CELEBRATING NURSES DAY 2021

In commemorating the annual Nurses Day, an event was organized to honor all our nurses for their work especially during a time such as this. The event programme included a moving motivational speech from an external speaker, Dr Esperance Luvindao from Onandjokwe Hospital who addressed the attendees remotely. Namdeb Chief Operating Officer, Jurgen Jacob was also in attendance to relay words of gratitude and encouragement to the nurses. Jurgen, thanked the nurses for their continuous job and sacrifices in caring for the sick. "Each day you are exposed to many risks but you continue to deliver an excellent service to your patients, especial now during COVID-19 pandemic, you remain the beacon of hope. You are shining examples of what excellency should be, and we thank you for your continuous service."

Namdeb Nursing Manager, Sister Helen Maggot, thanked the nurses for being resilient and steadfast in performing their duties. She thanked Namdeb for always providing support and required equipment.

International Nurses Day is observed every year on 12 May along with the birth anniversary of Florence Nightingale, the founder of modern nursing. Nurses are essential caretakers for a prosperous society. During this pandemic, their extraordinary contribution has proved to inspire their dedication and hard work towards nursing.

Many thanks to the team of Emerita and Priscilla for organizing the event!
