

DIAMONDS DO GOOD

Namdeb Supports the 2022 Woman In Geoscience Dinner

Some of the Namdeb delegates who attended the 2022 Woman In Geoscience Dinner:

From left to right: Helena Penda, Selma Sheehama, Raina Kaukungwa, Julien Vumazonke, Jenifer Nehoya, Deone Strauss and Ndeshipanda Nghipandulwa.

Absent when this picture was taken are; Joyce Katjirua, La -Toya Kaizemi and Miller Mwashindange.

In support of the Building Forever pillar of accelerating equal opportunities particularly that of women within the mining industry and creating an inclusive and diversified work environment, Namdeb sponsored N\$15 000 towards the 2022 Woman in Geoscience Dinner hosted by the Namibian Hydrogeological Association (NHA) in Windhoek.

This year's event was themed, "Work-Life Balance for the 2022". It aimed to target the challenges around career planning for women and balancing responsibilities while remaining efficient and indispensable to their work.

Namdeb was represented by 10 women employees who attended the event.

The Namibian Hydrogeological Association is a non-profit organisation of surface and groundwater professionals who aim to promote the study and science of hydrology and hydrogeology; to serve, inform and advise the public in matters of surface and groundwater development, use and protection.
