Aligned to Namdeb's responsible sourcing commitment in terms of our Building Forever plan, on Tuesday, 27 September 2022, Namdeb and Vivo Energy Namibia held a symbolic contract signing ceremony to mark the awarding of the contract for the supply of fuel and lubricants, in the Sperrgebiet Guesthouse Conference Room (Oranjemund).

The agreement is effective from 1 September 2022 to 30 August 2027. As a sign of its strong social commitment to the Town of Oranjemund, the ceremony coincided with another historic community event, that of the opening of a 24-hour modern Shell Service Station supported by Vivo Energy.

This contract represents a significant investment in the local economy of the //Karas Region and is a further testimony of Namdeb's commitment to continue to partner with local businesses in support of its long term business plan and the upliftment of local communities. Vivo Energy will be sourcing the fuel locally from its Lüderitz depot and Walvis Bay as support base. This contract is an enabler for job creation in the region and supports livelihoods in Namibia.
