

NAMDEB

A NAMIBIA DE BEERS PARTNERSHIP

Diamonds Deliver the Desert Dash Dream

Namdeb is a strong advocate for physical and mental health and has over the past few years continued to sponsor participation for the annual Nedbank Desert Dash. In 2022, Namdeb entered two teams which included sponsoring tandem bicycles valued at N\$40 000 for the para hand-cyclists team that participated. This year two teams have been entered and continuing the focus of accelerating equal opportunities, sponsorship has been extended to a team that would not have been able to participate had it not been for Namdeb enabling their dream of participating in the 2023 Nedbank Desert Dash. The team refers to themselves as the Namdeb Flyers and consists of Henrico Morgenroth (Team Captain, age 37), Fernandes Narib (27), Samuel Alfons (20), and Melkisedek Haindongo (22). The sponsorship for the Namdeb Flyers is valued at approximately N\$52 000 and is made up of entry and tracker fees, cycling kits, hiring of the support vehicle and accommodation. Team Captain, Henrico Morgenroth expressed his gratitude saying, "This journey was made possible solely due to the support, coaching and funding from Namdeb".
